

GalvaPulse

- **GalvaPulse for corrosion mapping and corrosion rate** **GP-5000**
Includes:
 - 1 Handheld computer with GalvaPulse software and pulse generator (GP-5010)
 - 1 Calibration unit for pulse generator (GP-5020)
 - 1 Measuring cell with 3-meter cable (GP-5031)
 - 1 Sponge for measuring cell (GP-5040)
 - 1 Reinforcement locator (GP-5050)
 - 1 Reinforcement conductivity meter (GP-5060)
 - 1 Cable for data transfer to PC (GP-5070)
 - 1 Measuring cable (GP-5080)
 - 2 Adjustable reinforcement clamps (GP-5090)
 - 2 Reinforcement adaptors (GP-5100)
 - 2 Drill bits, 12 mm and 18 mm (GP-5110)
 - 1 Allen key, 10 mm (GP-5120)
 - 1 Sponge for grinding of electrode rings (GP-5130)
 - 1 Hammer and chisel (GP-5140)
 - 1 Measuring tape and chalk (GP-5150)
 - 1 GalvaPulse data viewing and reporting software (GP-5160)
 - 1 User Manual (GP-5170)
 - 1 Attaché case (GP-5180)
 - 1 Cable drum with 15 meters of cable (GP-5190)
 - 1 Check block with embedded a corroding bar and a stainless-steel bar (GP-5200)

Spare Parts/Consumables:

- **Sponge for measuring cell** **GP-5040**
