

# BOND-TEST

- **BOND-TEST Pull Machine kit**

**B-13000**

Includes: 1 Hydraulic pull machine with electronic gauge (B-13025)  
1 AMIGAS printout software (L-13)  
1 Cable for printout (L-14)  
1 Strength conversion table (to 25 kN; for 50 and 75 mm discs) and manual (B-13001)  
1 Counter pressure ring (B-13002)  
1 Centering piece (B-13003)  
1 Coupling (L-16)  
1 Pull bolt (L-17)  
1 Bolt handle (L-19)  
1 Oil refilling cup (L-24)  
1 Oil refilling bottle (L-25)  
1 Large screwdriver (C-149)  
1 Small screwdriver (C-157)  
1 Attaché case (B-13004)

- **BOND-TEST Preparation Kit (supplied with 75mm dia. Discs)**

**B-11000**

Includes: 1 Grinder with cup stone (B-11010)  
1 Heat gun (B-11020)  
1 Steel brush (B-11030)  
1 75 mm discs, 6 pcs (B-11040)  
*Optionally, 50 mm discs, 6 pcs (B-11050)*  
1 GRA glue, box (B-11060)  
1 Putty knife (B-11070)  
1 Araldite epoxy (for acrylic-based materials) (B-11080)  
1 Attaché case (B-11090)

- **BOND-TEST DSV Kit**

**B-10000**

Includes: 1 Diamond planing wheel unit (B-10010)  
1 Suction plate with valve and gauge (B-10020)  
1 Two adjustable clamping pliers (B-10030)  
1 Centering plate for 75 mm disc (B-10040)  
*Optionally, centering plate for 50 mm disc (B-10050)*  
1 Vacuum pump with hose (B-10060)  
1 Wrench, 17 mm (B-10070)  
1 Small screwdriver (B-10080)  
1 Attaché case (B-10090)

- **Corecase 75mm standard, 75mm dia. X 110mm length cores** **CS-75**

- Includes:
- 1 Coring rig with coupling (CC-10)
  - 3 Handles for coring rig (CC-20)
  - 1 Coring bit, 75 mm x 110 mm (CCB-75/110)
  - 1 Water pump with 2 hoses (CC-30)
  - 2 Clamping pliers, adjustable (CC-40)
  - 1 Set of anchoring tools, 8 mm (CC-50)
  - 20 8 mm expansion anchors (CC-60)
  - 1 Chisel (CC-70)
  - 1 Hammer (CC-80)
  - 1 Core lifter, 75-mm diameter (CC-90)
  - 1 Wrench, 14 mm (CC-100)
  - 1 Measuring tape (CC-110)
  - 1 Set of spare bearings for coring rig (CC-120)
  - 1 Reinforcement locator (CC-130)
  - 1 User Manual (CC-140)
  - 1 Attaché case (CC-150)

**Note:** CEL-100 Corecase is available as an option for longer coring depth.

- **Diamond planning wheel unit** **B-10010**
- **Electric drill machine, 1100 watts, 115 VAC** **CC-129**

**Consumable:**

- **Steel disc, 50mm diameter** **B-11050**
- **Steel disc, 75mm diameter** **B-11040**
- **GRA epoxy, box (For 20 tests)** **B-11060**
- **GRA powder jar** **B-11061**
- **GRA liquid bottle** **B-11062**
- **GRA powder, 450 ccm jar (For 80 tests)** **B-11100**
- **GRA liquid, 200 ml bottle (for 80 tests)** **B-11110**

**Note:** In order to use the larger refills, you need to have bought the GRA epoxy box (B-111060)
